

Learn more about health reform and the new Vermont exchange, Vermont Health Connect

Vermont Health Connect is a new health insurance marketplace, launching October 2013, designed to help you, your family or your small business find, compare and purchase health coverage. You're invited to a community forum with representatives from the State to learn about the exchange and participate in shaping the exchange as it moves forward.

We'll be covering topics including insurance market reforms that start in 2014, who can get coverage through the exchange, plan designs, essential health benefits, tax credits and more.

To learn about the exchange, join us in Essex Junction:
