

If health insurance seemed expensive in the past, it's time to look again.

The American Rescue Plan is a new federal law. It gives more financial help to lower the cost of health insurance for 2021 and 2022. To get financial help, Vermonters must sign up through Vermont Health Connect. Consider:

✔ **MORE VERMONTERS CAN GET FINANCIAL HELP**

Members in family plans with incomes up to \$265,000 may now qualify for financial help. Members in single plans with incomes up to \$94,500 may too.

✔ **MORE FINANCIAL HELP = LOWER COSTS**

Vermonters who already get premium tax credits will likely get more, so your monthly bill from Vermont Health Connect may go down. Visit the Plan Comparison Tool at VermontHealthConnect.gov to see how much you may save.

Are you already a member? Enrolled directly with an insurance company? Not insured but looking to learn more? This website tells you how the American Rescue Plan helps you and what to do next.

Now through October 1, 2021 Vermonters without health insurance can sign up with Vermont Health Connect. Apply today and your health plan can start next month.
