

Open Enrollment for 2023 Insurance Plans

Open Enrollment is the time you can enroll in a new qualified health plan or switch plans. From November 1 – December 15, 2022, you can sign up for a plan that starts January 1, 2023. Additionally, you can sign up between December 16, 2022 – January 15, 2023, for a plan that starts February 1, 2023.

Applying through Vermont Health connect is the **only** way to take advantage of tax credits to help pay for a health plan. It is how plans can be made more affordable and within reach. Over 90% of people who are enrolled through the health insurance marketplace qualify for financial help. Eligible Vermonters in single plans may now qualify for lower costs with incomes up to \$118,000. Those in family plans may qualify with incomes up to \$333,000. Learn more at VermontHealthConnect.gov or call 1-855-899-9600.
