

Open Enrollment for 2024 Insurance Plans

Open Enrollment is the time you can enroll in a new qualified health plan or switch plans. From November 1 – December 15, 2023, you can enroll in a plan that starts January 1, 2024. Additionally, you can enroll between December 16, 2023 – January 15, 2024, for a plan that starts February 1, 2024.

If you are currently enrolled in a qualified health plan with Vermont Health Connect, **now** is the time for you to **update your information**. Each household needs to review the information in their account. Changes in income or household size are used to determine the level of financial help you may get with health care costs. Update your information on-line at www.VermontHealthConnect.com, call 1-855-899-9600, or get help from an [Assister near you](#).

If you are looking to get health insurance, the **only** way to take advantage of tax credits is applying through Vermont Health Connect. It is how plans can be made more affordable and within reach. Over 90% of people who are enrolled through the health insurance marketplace qualify for financial help. Eligible Vermonters in single plans may now qualify for lower costs with incomes up to \$134,000. Those in family plans may qualify with incomes up to \$376,000. Learn more at VermontHealthConnect.gov or call 1-855-899-9600.
